

INTEGRATED AUTOMATION SOLUTIONS

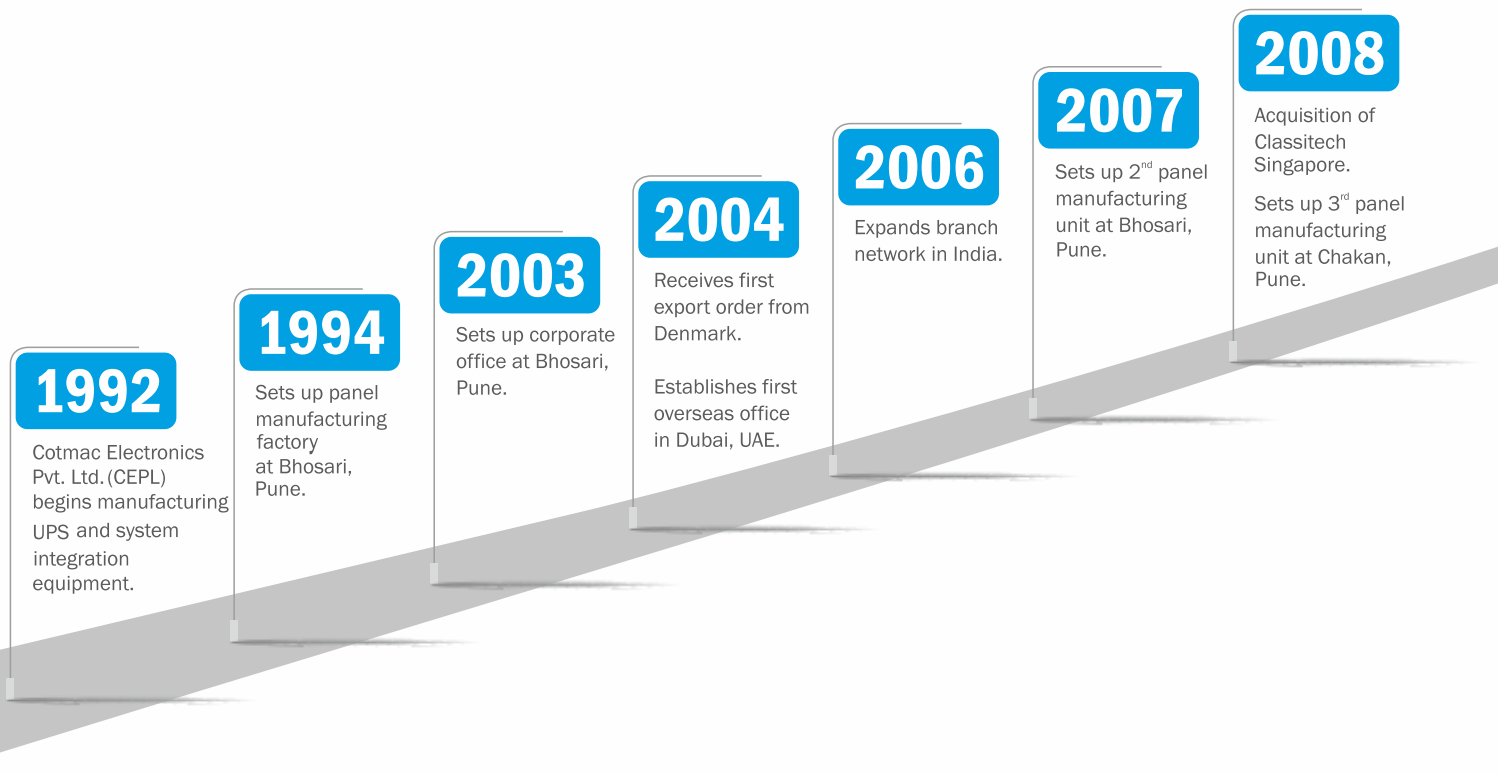

Efficient Always

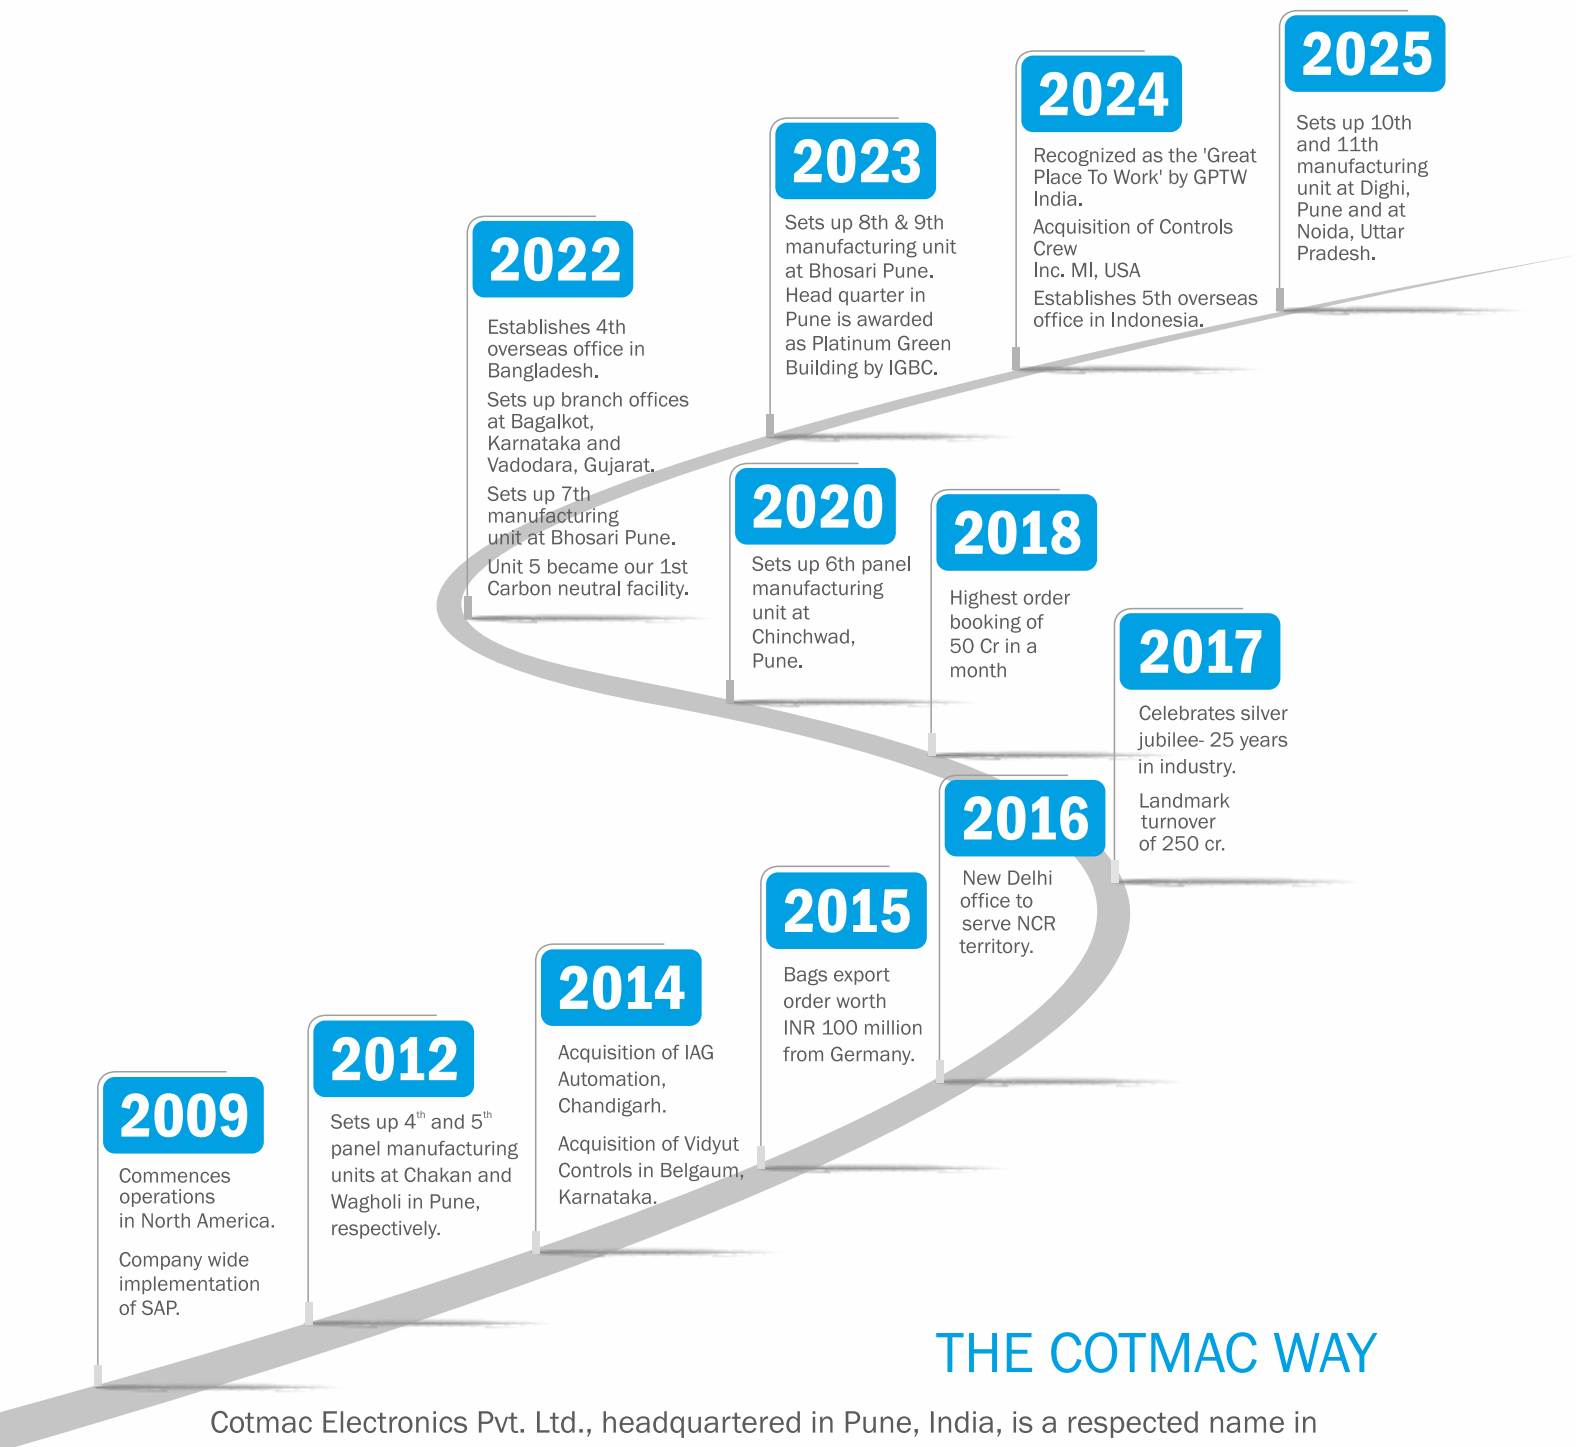

COTMAC OVER THE YEARS

Since its inception in 1992, Cotmac has consistently surpassed the industry's average growth in revenue and profit. Starting with a team of 12 employees selling a single product, the company now has over 1000+ employees offering an array of innovative solutions. Cotmac's key milestones include its association with Siemens as a System House, creation of multiple manufacturing facilities, implementing SAP to shore up its business support system, increasing the company's global footprint through offices across the world.

THE COTMAC WAY

Cotmac Electronics Pvt. Ltd., headquartered in Pune, India, is a respected name in industrial automation. The company provides customers a range of solutions and services using PLC, HMI, SCADA, DCS, PCS and Drives.

Cotmac Electronics is part of the illustrious Cotmac Group that was founded in 1896 as a cotton and machinery trading company. Backed by a 120 year old heritage built on a stable and strong foundation, Cotmac Electronics is today the flagship company of the group.

Since its inception in 1992, Cotmac Electronics has grown to employ over 1000+ skilled and qualified engineers. It has eleven state-of-the-art manufacturing plants and 18 branch offices in India and five overseas branch offices in Dubai, Singapore, the United States, Bangladesh and Indonesia.

The company provides innovative solutions for various factory and process automation applications in industries such as automotive, pharmaceutical, food and beverage, energy, material handling, metals and mining, paper and textile. As a system integrator that supports national and international businesses, Cotmac Electronics is the first choice in world class industrial automation solutions.

WHY AUTOMATION?

The demand for premium quality products and services from the industrial world can only be supplied by higher levels of productivity. As the fourth wave of industrialisation, popularly referred to as Industry 4.0, sweeps over manufacturing sector, customers are looking for solutions that integrate various systems, information technology, equipment, processes and control mechanisms to make production faster, safer, more economical and easier to monitor.

WHY COTMAC?

Committed to the design, manufacturing and delivery of innovative solutions, Cotmac provides the highest quality of system integration to clients anywhere in the world. The company handles medium to large scale turnkey projects, modules within larger projects, and engineering services for overseas clients. Stringent international quality procedures are adhered to in all areas of work.

AUTOMATION SOLUTIONS TO INDUSTRIES ACROSS THE GLOBE

As a leader in system integration, Cotmac Electronics offers a range of high quality products and services. The company's knowledge and experience in factory and process automation help customers improve productivity and scale up operations.

The company's verticals are-

- ☐ Factory automation
- ☐ Process automation
- ☐ Engineering and software services
- ☐ Control panels
- ☐ Electrical and instrumentation
- ☐ Repair Service
- ☐ Industrial Software Solutions
- ☐ Vision systems and tracking solutions
- ☐ Industrial products distribution
- ☐ Digitalisation

POWER YOUR BUSINESS WITH COTMAC SOLUTIONS

Factory automation

Cotmac provides comprehensive solutions to its customers for factory automation, enabling customers to seamlessly integrate the shopfloor with IT systems.

Cotmac provides solutions for:

- Automotive
- Cranes and material handling
- Paper and printing
- Textile automation
- Winder and unwinder machine

Cotmac is the No. 1 Channel Partner of Siemens Limited.

Process automation

Over the years, Cotmac has built in-depth domain knowledge of business processes, and with its dedicated team of engineers, offer customers end-to-end process automation solutions.

Cotmac offers innovative process automation solutions for the following industries:

- Food and beverage
- Chemical
- Pharmaceuticals
- Water treatment
- Cement
- Power and utility
- Metals and mining
- Boiler automation
- Brewery and distillery

The company is a licenced Siemens Solutions Partner for Simatic PCS7.

Engineering and software services

Cotmac provides solutions in the fields of control automation, instrumentation and engineering.

Its range of services includes:

- Detailed design engineering
- Control software/ SCADA development
- Process optimization services
- Field and training services
- Eplan, AutoCAD and Microstation services
- Industrial Software Solutions

Control panels

Cotmac provides custom designed control panels for indoor and outdoor applications. The company's products include MCC panels, PCC panels, PLC panels, AC/DC drive panels, instrumentation panels, mimic panels, AMF panels and marshalling cabinets.

Cotmac has eleven state-of-the-art units to manufacture control panels for a wide range of industrial applications. Cotmac is a licensed partner for manufacturing Sivacon S8 and Siepan 8PU low-voltage switchboards.

The panels have certifications and approvals from CPRI, ERDA, CE and UL.

Turnkey projects

Cotmac executes projects for electrical, instrumentation and control on a turnkey basis. The company manages the overall project in terms of design, detailed engineering, manufacturing, testing, transportation, erection and commissioning, including training and technical assistance where necessary.

From tracking progress and development, to operation start-up and final acceptance, Cotmac has handled many complex turnkey projects in India and abroad. The trust and cooperation of its repeat customers are testament to the thoroughness of the company's project execution capabilities.

Repair Service

Cotmac's dedicated service division caters to breakdowns in industrial automation products and provides repair services for CNC system and spares, AC/DC, servo, spindle drives, servo, spindle motors, PLC system and spares, HMI and industrial PC.

Industrial Software Solutions

Cotmac offers Siemens Industrial Software. This solution portfolio includes

Vision systems and tracking solutions

Cotmac offers customized vision-based inspection, guidance and identification systems that give machines the power to "see." Vision systems provide early detection of process errors, ensure shipments are free from all defects, and reduce rejections.

The systems are rugged, easy to use, reliable and efficient. By integrating our vision systems with intelligent material handling, Cotmac helps customers optimize processes to enhance productivity and maintain quality.

Cotmac is an Automation Solutions Provider (ASP) for Cognex.

Industrial products distribution

Cotmac is an authorised dealer for Siemens switchgear and motors, Lapp cables, Omron, Honeywell (Process Measurement & Control), Schmersal and Harting safety products.
